Accountable
Inspired**

**To make the most of "Our School, Our Education
and Our Future"**

To look smart, think smart and be smart

PRIORITIES – 2013/14

- **Learning and Progressing**
- **Motivating and Celebrating**
- **Our School Community**

Aims

1. Focus on learning

- a. To give special attention to Literacy, Numeracy and ICT skills,
- b. To have a passion for the quality of teaching and learning, assessment and tracking of students, target setting, support and intervention.

2. Improve consistency and communication across the school

- a. Establish significant improvements in Consistency across the school,
- b. Establish significant improvements in Communications across the school.

3. Outstanding leadership and management

- a. A clearly defined line management structure,
- b. Highly reflective and organised with strategies for improvement.

4. Prove disadvantage is not a barrier to success

- a. Show less able students succeed,
- b. Celebrate success for all.

5. Care about everyone in the Le Rocquier Community

- a. Increase the resources available for all our community,
- b. Ensure there is a quality support network in place for all our students and staff.

6. Invest in students, staff and our community

- a. Provide an extensive Staff and School development programme,
- b. Further develop an exciting and meaningful extra curricula programme.

7. Know and understand what an outstanding school is and how we are going to be one

- a. A deep sense of purpose, commitment, courage and ambition,
- b. Seek out examples of outstanding practice and seek to implement good ideas at Le Rocquier.

8. An exciting and relevant curriculum

- a. Focus on Life Long Learning – “Azume” (Teach me I am willing to learn),
- b. To further develop a curriculum that meets the needs of all our students.

9. Strong values and high expectations

- a. With a special focus on student behaviour, uniform, attitude and manners,
- b. Examination results and value added data to meet or exceed whole school end of Key Stage forecasts.

10. Improve the impact of ICT on learning

- a. To have first class ICT facilities,
- b. The school, the staff and the students to be seen as ICT role models.

Our School, Our Education, Our Future
